## UNBELIEF THROWS RELEASE PARTY

In honour of the release of the debut album "Dread" from the Danish metal band **UNBELIEF** the band will throw a release party at Kansas City in Odense (DK) on **February 5, 2010**. Doors will open at 8 PM. The night is sponsored by **JÄGERMEISTER** and **DANISH METAL** is media partner.

At the party **UNBELIEF** will perform great parts of their debut album but **DEATH COMES PALE** from Herning (DK) will be supporting the evening and **CROCELL** (DK) will perform as special guest. The party will also have Esben "Esse" E. K. Hansen from **AS WE FIGHT** (DK) as compère and keep the party going.

There is a solid foundation for a great night with this cocktail of party and concert. A black carpet and torches will greet the audience at the entrance of the venue, and **UNBELIEF** is counting on this release party to set new standards this kind of event in Danish metal.

The band states:

*"We don't want to get up on stage, play our new songs, and just mention the release of our album as a footnote. We want to show the whole country that we've done our first album and that is supposed to be celebrated!"*

**UNBELIEF** invites all metal fans in Denmark to come to the show and have a blast in honour of metal. Tickets to the show can be purchased through [www.kansascity.dk](http://www.kansascity.dk) and on the band's MySpace a few new songs from the album can be heard. The album is released by Gateway Music and will be in stores immediately after the release party.

In the spring of 2010 **UNBELIEF** embarks on a national Danish mini-tour entitled The Dreadful Tour and has already confirmed the following dates:

- 26/02-10: Rockstjernen, Herning (DK) w/Terra Falls and Death Comes Pale
